Create custom buttons, magnets, and key chains in minutes!

Equipment used: Badge-A-Minit Bench Press System

You can make:

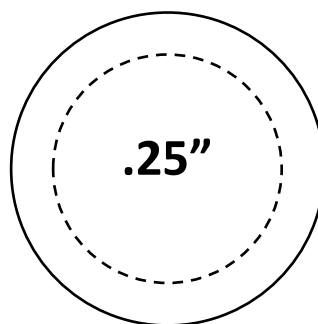

- 1 ¼" or 2 ¼" pins
- 2 ¼" magnets

Getting Started

Bring a printed copy of your design(s) to The HUB. (Note: The HUB does not offer printing services on site.)

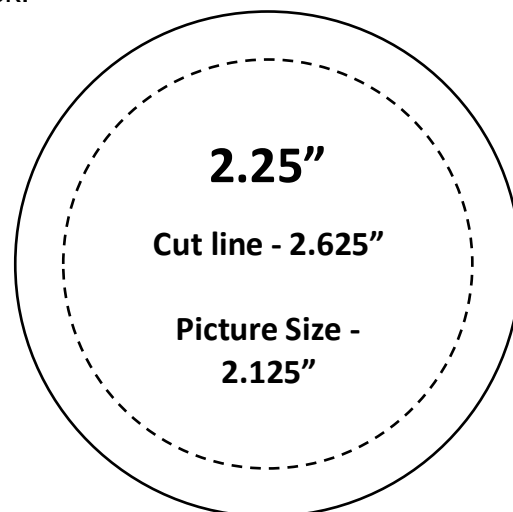

- Regular copy paper works best.
- We recommend printing extra copies of your design(s).
- Make sure your artwork is scaled to the appropriate size. See guides below. The dotted line represents the edge of the button—anything on the outside of the dotted line will be tucked into the back.
